

The program is attractive, the work is certainly important and all who are interested are urged to join the Association. The expense is only three dollars a year for membership.

In this report Mr. Yard gives a fine description and a series of wonderful pictures of what is called "Rainbow of the Desert." The relation is shown of this new park to the Grand Canyon and the brilliantly colored plateau country of Southern Utah.

American and English Genealogies in the Library of Congress. By CHARLES MARTEL, Chief of the Catalogue Division, 1919. (Washington: Government Printing Office. Pp. 1332. \$1.75.)

Reports of the Librarian of Congress and the Superintendent of the Library Building and Grounds. By HERBERT PUTNAM and FRANK LLOYD AVERILL. (Washington: Government Printing Office, 1919. Pp. 187. 15 cents.)

List of the Washington Manuscripts from the Year 1592 to 1775. By JOHN C. FITZPATRICK, Assistant Chief, Manuscript Division, Library of Congress. (Washington: Government Printing Office, 1919. Pp. 137. 30 cents.)

These statistical and bibliographical aids are understood from their titles. Readers in the State of Washington will be interested in the calendar of Washington Manuscripts. It includes the papers down to his commission as commander in chief, June 19, 1775, and are therefore called colonial. An analytical index makes the valuable collection easy of exact consultation. There were published in 1906 and 1915 calendars of the later Washington manuscripts.

Annual Magazine Subject-Index, 1918. By FREDERICK WINTHROP FAXON. (Boston: The F. W. Faxon Company, 1919. Pp. 247.)

As a working tool in the history of the Pacific Northwest this annual publication will be found of increasing usefulness as it indexes all the principal articles in the *Quarterly of the Oregon Historical Society* and in the *Washington Historical Quarterly*.

Report of the Provincial Museum of Natural History. By FRANCIS KERMODE. (Victoria, B. C., 1919. Pp. 16.)

Though their work has been retarded by conditions growing out of the war the scientists show commendable progress in the increase and the working over of their collections especially in entomology and botany.
