LIBRARY USE ONLY

- ¶ As announced in the last issue, this October number rounds out the twentieth volume and comprises the second decennial index.
- ¶ The advanced prices for complete sets mentioned elsewhere in this issue are made necessary by the diminishing supply of certain numbers. In fact, the managers will pay three dollars each for copies of Volume I, No. 3, which was the issue for April, 1907.
- ¶ A rich supply of articles, documents and book reviews are accumulating for Volume XXI, beginning with the issue for January, 1930.
- ¶ It is gratifying to report that a number of complete sets of the Washington Historical Quarterly have been recently purchased by collectors of Pacific Northwest Americana and also by libraries. Each such full set, thus preserved and bound in different parts of the world, adds to the permanent usefulness and solid foundation of the publication. It also justifies the sustained volunteer service rendered over a period of twenty years.
