

lication. The authors pay a tribute to Dr. William Sargent Ladd, former president of the Club, for making the publication possible.

The Next Three Years. By ALICE A. BAILEY. (New York: Lucis Publishing Co., 1934. Pp. 36.)

By one who has published much in psychology, this pamphlet is issued to forward religious thought and progress in the "new order." She says: "A realization of a brotherhood which is based on the knowledge that we are each and all, no matter what our race, the children of the One Father and who have come to the realization that the old ways of working must go and the newer methods must be given a chance." Copies may be obtained on application to 11 West 42nd Street, (32nd floor), New York City, or at Osfringe Place, Faversham, Kent, England.

Bureau of American Ethnology, Fiftieth and Fifty-first Annual Reports. (Washington: Government Printing Office, 1933. Pp. 7 and 8.)

These small pamphlets carry brief summaries of the work accomplished in the years 1932-1934. This *Quarterly* for January, 1934, mentioned the last large Annual Report, for 1930-31, containing a 1200-page index for all the Reports from 1878 to 1933. That was a farewell to the large Reports. The present plan produces the small pamphlets like those mentioned above. It is expected that the special studies will appear in the series of Bulletins.
